### Declaration Process

The Arts Psychology major is a competitive major. Students must complete PSYC 104, PSYC 105, STAT 151 or STAT 161, and one 200-level PSYC course with no grade lower than C- in any of them. Students must also be finished or enrolled in PSYC 212 during the winter term when the declarations close.

The number of new seats available in the Arts Psychology major will be determined by the Psychology department annually. Students will submit their declaration by January 15. Students who apply will be ranked by their admissions GPA, which is calculated using their most recent 24 credits of university-level course work, without breaking up a term. The applicants with the highest GPA will be admitted to the program first, until no seats remain. Students will be notified of the success or denial of their application to the Arts Psychology major no later than February 1.

<b>Important Planning Notes</b>
---------------------------------

1. Courses required for the major may be used to satisfy the breadth requirements in a Bachelor of Arts or Science degree. Please refer to the applicable degree planner for details.
2. Students are required to consult the MacEwan University academic calendar to ensure they meet prerequisites for all courses they enrol in.
3. PSYC 241 and SOCI 241 are equivalent courses. Credit can be obtained in only one of the two courses. SOCI 241 can be used towards a Psychology major. The course can only be credited once towards a degree.
4. PSYC 439, which is a field placement course, does not satisfy this major's 400-level requirements. Please see an advisor in the psychology department for more information.
5. Please keep in mind that course offerings will vary from academic year to academic year.
