

Please write the courses you have taken, or intend to take, into the blanks below.
In the box beside each blank, fill in your grades, indicate the term in which you are enrolled in the course, or the term in which you intend to take it (e.g., Fall 2016 = F16).

Core	39 credits
English (6 credits) ENGL 102 & ENGL 103	_____ <input type="checkbox"/> _____ <input type="checkbox"/>
Chemistry OR Physics (6 credits – must be from same discipline) CHEM 101/102 OR CHEM 101/261* PHYS 124/126 OR PHYS 144/146 <small>*Previously offered courses which can be used: CHEM 161, CHEM 164</small>	_____ <input type="checkbox"/> _____ <input type="checkbox"/>
Biological Sciences OR Earth and Planetary Sciences (6 credits – must be from same discipline) BIOL 107/108 OR BIOL 107/207 OR BIOL 108/208 EASC 101/102 OR EASC 101/103 OR EASC 101/2XX <small>(Courses must include a laboratory component)</small> <small>*Previously offered courses which can be used: EASC 100, 105</small>	_____ <input type="checkbox"/> _____ <input type="checkbox"/>
Calculus OR Linear Algebra (3 credits) MATH 114, MATH 120, MATH 125 <small>*Previously offered courses which can be used: MATH 113</small>	_____ <input type="checkbox"/>
Mathematical Sciences (6 credits) MATH 114, MATH 120, MATH 125, MATH 115, MATH 225; STAT 151, STAT 252; CMPT 101, CMPT 103 <small>*Previously offered courses which can be used: MATH 113, STAT 141, CMPT 114, CMPT 115</small>	_____ <input type="checkbox"/> _____ <input type="checkbox"/>
Social Sciences (6 credits) ANTH; ECON; POLS; PSYC; SOCI	_____ <input type="checkbox"/> _____ <input type="checkbox"/>
Arts (6 credits) ANTH; ARTE 101, ARTE 102; CLAS; COMP; DRMA 102, DRMA 149, DRMA 247; ECON; ENGL; HIST; LING; MUSC 100; PHIL; POLS; PSYC; SOCI. A Language <small>Other than English may also be used.</small>	_____ <input type="checkbox"/> _____ <input type="checkbox"/>
Major	42 credits from appropriate senior level major courses. Refer to the current Academic Calendar and the major planning sheets for program of study requirements.
_____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/>	
_____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/>	
_____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/>	
Minor	18 credits from appropriate senior level minor courses. Refer to the current Academic Calendar and the minor planning sheets for program of study requirements.
_____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/>	
_____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/>	
Options	21 credits of baccalaureate-level courses. Students may use a maximum of 6 credits in senior-level courses from their major and/or minor. A maximum of 12 out-of-Faculty credits may be used toward a student's options (except for Business Studies minors, who cannot use any out-of-Faculty credits).
_____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/>	
_____ <input type="checkbox"/> _____ <input type="checkbox"/> _____ <input type="checkbox"/>	

Degree Regulation Checklist

- All degree requirements must be fulfilled with a minimum of 120 credits of non-duplicative coursework (i.e., each course can only be counted once).
- Students must complete a minimum of 60 credits toward their degree through MacEwan University to meet Academic Residency requirements. Those 60 credits must include:
 - A minimum of 24 MacEwan University credits in the **major**, with six of those credits completed at the 300- or 400-level.
 - A minimum of 9 MacEwan University credits in the **minor**, with three of those credits completed at the 300- or 400-level.
- Students must complete **a minimum of 72 Science credits** toward their Bachelor of Science degree. All Psychology courses can be used to fulfill both Arts and Science credit requirements.
- Students may complete **a maximum of 48 credits at the 100-level**. Additional 100-level courses will be declared Extra to Degree (i.e., not counted towards graduation requirements).
- Students must present an overall Graduation Grade Point Average (GGPA) of 2.0 or higher, with a minimum GPA of 2.0 on all courses credited towards the major and a minimum GPA of 2.0 on all courses credited towards the minor.
- Students can use a maximum of six credits with a final grade of D or D+ towards their major.

Notes

1. Students are responsible for reading the institutional and degree regulations in the current MacEwan University Academic Calendar, which is the authoritative source for institutional and degree regulations. While the checklist above and these notes provide an overview of some degree regulations, they are by no means comprehensive.
2. Students are responsible for reviewing course descriptions in the MacEwan University Academic Calendar and their grades as posted to *myStudentSystem* to ensure they have met course prerequisites. The minimum prerequisite grade for most Science courses is C-, however it may be higher.
3. Electronic copies of this form and the major and minor planning sheets can be found at www.macewan.ca/bscstudent.
4. Courses numbered from 100 to 199 are junior level. Courses numbered from 200 to 499 are senior level.
5. Students are encouraged to declare their major and minor by the time they have completed 45 credits. The major and minor cannot be in the same discipline (e.g. Science Psychology major/Arts Psychology minor). Physical Sciences and Mathematical Sciences majors are not required to declare a minor; however, such students who do not declare a minor still must complete 120 non-duplicative credits in order to graduate.
6. Courses that satisfy the core requirements are normally taken at the junior level except as indicated. Students are encouraged to complete their core requirements in the first and second years of their program.
7. At times, students may wish to complete a course toward their MacEwan University degree at another post-secondary institution. To use an external course toward their MacEwan University degree, students must apply for Visiting Student permission through the Faculty of Arts and Science Program Services Office **before** they enrol at the other post-secondary institution. Courses taken without pre-approval may not be accepted. Visiting Student rules can be found online at www.macewan.ca/bscstudent.
8. At times, students may wish to take more than 15 credits in a single term. Students must apply for Credit Overload permission through the Faculty of Arts and Science Program Services Office **before** enrolling in more than 15 credits in a single term. Credit Overload rules can be found online at www.macewan.ca/bscstudent.
9. Graduation requirements are governed by the date on which a student declares their major and minor.
