CLASS DESCRIPTIONS All classes Ages 6-14

SWIMMER 1

These beginning swimmers will work on moving through shallow water and safe entries and exits. When they are ready, they'll do floats, glides and kicking on their front and back without assistance. They'll even explore jumping into deep water and treading water with their lifejackets.

SWIMMER 2

These swimmers will jump into deep water, tread water and swim 10 m of both front and back crawl. They'll learn vertical whip kick and begin to work on their endurance by stepping into the world of fitness interval training.

SWIMMER 3

These swimmers will dive and do forward rolls into deep water. They'll learn handstands and front somersaults underwater and work on their front and back crawl, whip kick over short distances, and add some interval fitness training to their practice.

SWIMMER 4

These swimmers will swim full lengths of both front crawl and back crawl. They'll get introduced to breaststroke arm drills, underwater swims and front crawl sprints. Interval training will boost their fitness level. By the end, they'll be able to meet the Swim to Survive standard, roll into deep water, tread water for one minute and swim 50 m.

SWIMMER 5

These swimmers will try eggbeater kick, head-up front crawl, shallow dives, and, for fun, some tuck jumps and underwater back somersaults. They'll go the distance with a strong front crawl, back crawl and breaststroke.

SWIMMER 6

These swimmers will master eggbeater and scissor kicks, front crawl, breaststroke and back crawl. They'll be ready to make the 300 m endurance workout with the interval training and sprint racing drills. And, just for fun, they'll try stride jumps and compact jumps.
