FACULTY OF ARTS AND SCIENCE
ARTS PSYCHOLOGY MAJOR
2016/17 Academic Year

Overall Major Requirements

- 42-60 non-duplicative psychology credits
- A minimum of 36 senior level credits
- A minimum of 9 credits at the 300-level
- At least 6 credits at the 400-level *(PSYC 439 does not satisfy this requirement)*
- Courses may be used to satisfy both the breadth and major requirements

Declaration Process

The Arts Psychology major is a competitive major. Students must complete PSYC 104, PSYC 105, STAT 151 or STAT 161 and one 200-level PSYC course with no grade lower than C- in any of them. Students must also be finished or enrolled in PSYC 212 during the winter term when the declarations close.

The number of new seats available in the Arts Psychology major will be determined by the Psychology department annually. Students will submit their declaration by January 15. Students who apply will be ranked by their admissions GPA, which is calculated using their most recent 24 credits of university-level course work, without breaking up a term. The applicants with the highest GPA will be admitted to the program first, until no seats remain. Students will be notified of the success or denial of their application to the Arts Psychology major no later than February 1.

Specific Major Requirements

<table>
<thead>
<tr>
<th>27 Credits</th>

Other Courses Required as Prerequisites for the Psychology Major

Choose one of:

- STAT 151 Introduction to Applied Statistics OR STAT 161 Applied Statistics for the Social Sciences

This course will be placed in Options.

Important Planning Notes

1. PSYC courses can be used to satisfy the Sciences or Social Sciences breadth requirement of a Bachelor of Arts degree. STAT 151 or 161 can be used toward the Analytical Studies breadth requirement of the BA degree.
2. PSYC 241 and SOCI 241 are equivalent courses. Credit can be obtained in only one of the two courses. SOCI 241 can be used towards a Psychology major. The course can only be credited once towards a degree.
3. See below for a listing of Psychology courses offered at MacEwan University. Please keep in mind that course offerings will vary from academic year to academic year. Students may address questions about planned course offerings to the Arts Psychology discipline chair or the Faculty of Arts and Science Program Services Office.
4. PSYC 439, which is a field placement course, does not satisfy this major’s 400-level requirements. Please see an advisor in the psychology department for more information.

Psychology Major (42 to 60 credits)  Total Credits: ____________

Psychology Course Offerings

- PSYC 104 Introduction to Psychology I
- PSYC 105 Introduction to Psychology II
- PSYC 212 Introduction to Research Methods in Psychology
- PSYC 223 Developmental Psychology
- PSYC 233 Personality
