   - Faculty Council linked schedule – a draft schedule will come forward at the next Faculty Council meeting to help Department Councils align their meetings for the next academic year.

5. New business

5.1 Demonstration on Campus Policy (Ian Hanson) Ian Hanson, Legal Counsel for the Office of General Counsel, presented the draft framework for the Demonstration on Campus Policy. He explained that since MacEwan does not currently have any policies that address demonstration on campus, MacEwan is in need of a policy to support the free and peaceful exchange of ideas, while maintaining a safe and low-disruption learning environment. This may impact FFAC as demonstration spaces are designated throughout.
campus, and that could include Allard Hall and other spaces that FFAC students, faculty, and staff regularly use.

The Policy Advisory Group (PAG) recommended this policy to proceed to development on October 12, 2017 and feedback has so far been received from Deans’ Council and is currently being sought from each Faculty/ School Council and SAMU. Once principles and relevant factors have been defined, appropriate Demonstration Spaces will be determined.

FFAC Council members were asked to provide feedback on the following questions:

- What factors should be taken into consideration when designating an area as Demonstration Space?
- What items should be included to conduct guidelines for demonstrations?
- What items should be included in conditions placed on a specific Demonstration Space?
- Whether preference should be given to registration by student groups, individual students, faculty, or staff
- Whether a system is necessary to advise community of presence of demonstration in addition to posting signs at Demonstration Spaces

**Key feedback**

- There is the possibility of more demonstrations on our campus since MacEwan is centrally located
- There should be some limitations to charge backs in cases where security needs to get involved so that it does not apply to unions (including SAMU) because a charge back could be used to penalize or break the union
- A system is necessary to advise the MacEwan community if there are going to be demonstrations on campus. The policy should envision how we keep students safe and provide rules that there be no physical contact or destruction to property
- Demonstrations should not be allowed to block building entrances

5.2 Academic Policy Committee Terms of Reference
(Mark Arnison & David McLaughlin)

Mark Arnison and David McLaughlin presented the Academic Policy Committee Terms of Reference on behalf of the Academic Policy Process Review Committee. This committee was created by AGC to determine where gaps and issues are in MacEwan's academic policy development process, and to make recommendations to improve it. The types of policies that will fall under APC will have a direct impact on how faculty members do their jobs, such as academic schedule, grading, course outlines, and course and program approval processes.

FFAC Council members were asked to provide feedback on the following questions:

- Will the proposed Academic Policy Committee (APC) meet your needs for providing input in the development of academic policy?
- What changes or improvements do you think should be made?
Key feedback

- The Terms of Reference should include how Faculty/ School Council feedback will be used, how APC will work in relationship to other governance bodies within the university, and how that might change the process for input on academic policies.
- There was a recommendation to add more than one voting student position on this committee.

5.3 Revised FFAC Council Bylaws (Executive Committee)

The wording in proposed Article 5.1.6 was changed from ‘One MSA member...chosen by the MacEwan Staff Association’ to ‘One MSA member...selected in accordance with the MSA Collective Agreement’. It was clarified that it is not the intention of the MSA to select members for the FFAC Council, but to be informed when elections involving their members occur in accordance with Article 7.0.8 in the MSA Collective Agreement. Therefore, the MSA requests that it be made aware when an election involving its members is being held so that they may advertise the position on their website, if appropriate, and to have the opportunity to provide input. This collaborative approach is in accordance with the above noted Collective Agreement article. Elections of MSA members to the FFAC Council will be carried out by the FFAC Council membership.

Additional recommended changes

- Change ‘up to three sessional faculty members appointed’ to ‘up to three sessional faculty members elected’ in 5.1.5
- Remove ‘or designate’ in 6.1 to state that ‘The Dean will chair the Faculty of Fine Arts and Communications Council’

MOTION to recommend that the proposed changes to the FFAC Council Bylaws be approved by Academic Governance Council, effective for the 2018-19 academic year.
