6.1 Curriculum Committee
.Reported by C. Rimmer, Chair, FFAC Curriculum Committee

A new online syllabus system will be launched this year and consequently, no revisions or new courses should be done in the current OLS, though it may still be used to search course records. In the interim, faculty can work with their chairs to create or revise existing courses. Any course development work going forward will be completed in consultation with the Dean’s Office prior to going for approval to Curriculum Committee to address financial implications and impact on programs of study.

6.2 Research Committee
.Reported by L. Mazo, Chair, FFAC Research Committee

The committee met once last week to review their Terms of Reference and will bring changes forward for decision to the next FFAC Council meeting. The mandate of this committee is to draft a Research Strategic Plan that aligns both with FFAC research goals and the MacEwan strategic plan. The Faculty Development Committee, now the Research Adjudication Committee, became a sub-committee of Research Committee.
6.3 Research Adjudication Committee

Reported by D. Roy, Chair, FFAC Research Adjudication Committee

7. Open discussion

Members of the FFAC Council discussed the forthcoming cannabis policy and asked for someone to come speak to FFAC Council, potentially at a future meeting. A strategic plan based on a culmination of information gathered from the spring town hall meeting, online survey, and two facilitator-led sessions with the FFAC leadership team, will come forward to FFAC in the next couple weeks. This strategic plan will include targeted dates with specific goals for FFAC to accomplish over the next three years.
