Originating from the prairies of Alberta and later residing and performing regularly in the UK, Aaron Bailey has had the auspicious opportunity to work with such influences as David Foster, Sebastian Bach, and Sir Paul McCartney. His debut album, *Time* stretches across a vast spectrum of genres and mirrors the influences that inspire his lyrics, music and life. Written and recorded over the course of a year, the lyrics are a reflection of personal experiences, but resonate with universal appeal. Stories of lost love and renewed hope, war torn soldiers on the front lines of battle, and family sacrifice are portrayed. Mastered at the famous Abbey Road Studios and featuring members of the Edmonton Symphony Orchestra, *Time* is instantly memorable, original, and inspiring!

Aaron is a graduate of MacEwan University and teaches Voice as a member of the faculty.
