Out-maneuver, out-fly.
Feathers in their white eyes.
White players. White ice.

Course earth, brown ice.
Horse-turd streaks behind.
Out-maneuver, out-fly.

Sudden, sharp, fluorescent lights—
not the game he had in mind—
White players. White ice.

Enclosed in glass: white ice.
Ever evading. bleary eyes.
Out-maneuver, out-fly.

Come home at night?
Stay *out* and fight
white players. White ice.

Leave behind bright lights,
A streak of brown leaves behind
white players and white ice,
Out-grown, out-flown.
