September 3, 2014

**Re-Love Market: Quality items at student-friendly prices**

Edmonton—The Office of Sustainability at MacEwan University in partnership with the Sustainable MacEwan student club is proud to host the first Re-Love Market.

Set to happen during the first weekend of September, the Re-Love Market will feature gently used and heavily discounted school supplies, home furnishings, electronics, clothing and much more. It’s quality goods at student prices, all in the name of sustainability.

“Every tonne of re-use saves 9 tonnes of CO2 emissions,” said Chantal Beaudoin, Head of Sustainability, MacEwan University. “We collected over six tonnes of items from students moving out of residence last May, which will be on sale at the market. So that means over 54 tonnes of CO2 emissions will saved thanks to re-use!”

There will also be a swapper event where people can trade in items they no longer need for something they may want at the Re-Love Market. Swappers who bring items in good working condition and clean for reuse can receive in-market credit they can use to purchase items in the market. Whether you register as a swapper or not, the market will be open to students and members of the community.

**When:** Saturday and Sunday, September 6 and 7  
**Where:** Robbins Health Learning Centre (corner of 104 avenue and 109 street)  
**Time:** 9:00 a.m. to Noon – Bring in your items to register as a Swapper  
1:00 p.m. – 5:00 p.m. Sale opens to the public

**Cost:** $5 at the door (free for swappers and children under the age of 12)

*Founded in 1971, MacEwan University inspires its students with a powerful combination of academic excellence and personal learning experiences. Offering more than 65 programs including undergraduate degrees, applied degrees, diplomas, certificates, continuing education and corporate training, the university provides a transformative education in a creative, collaborative and supportive learning environment where creativity and innovation thrive.
