Please note: We recommend that you avoid using prepaid credit cards or credit card gift cards to pay fees as these types of cards are frequently discarded after use. Refunds of any kind (if required or granted under extenuating circumstances) can only be issued to the original card that is used to make the payment. If you choose to pay using one of these types of card, make sure you keep it; if you are entitled to a refund, and you no longer have the original card, you will have to contact the credit card company directly to arrange the refund. All refunds must be issued back to the same method of payment and the same card. Debit, cheque, cash, and money orders will be refunded via cheque. In all circumstances refunds can take up to 6 weeks for processing.
